# Reader's Guide to the Budget

## Section 1 – Introduction

This chapter informs the reader about the makeup of the City and its operations. Included is the Budget Message, a list of elected and appointed officials, history and facts about the community, the Reader's Guide to the Budget, and information about the budget adoption process.

**City Organizational Chart.** The chart illustrates the organizational hierarchy of the City, and provides a current staff roster.

## Section 2 – Fund & Departmental Budgets

This section contains an estimated schedule of cash activity, narrative descriptions and summary revenues and expenditures for all funds and the primary Departments within each fund. The narratives include a Fund description and overview, information about the major work initiatives and activities of the Departments within the Fund, and summary budget information for the Fund and Department.

**Fund & Department Budget.** Revenues are summarized by the BARS Basic Account Number, and Expenditures are summarized by the BARS object number. Please see the examples following:

### Sample Revenue Account Number State Rev. –TIB Ki-Be Road Project

Basic Revenue Account Numbers are determined using the Washington State Budgeting & Accounting Reporting System (BARS). Revenue accounts are also called Resource Accounts and always start with a '3' in the Basic Account. The remaining numbers indicate the funding source for that revenue. The 330 Basic Account number series describes Intergovernmental Revenue, as is illustrated by

the grant being received from the Washington State Transportation Improvement Board (TIB) used in the example above.

## **BARS BASIC REVENUE ACCOUNTS**

- 310 Tax Revenues
- 320 License & Permits
- 330 Intergovernmental Services & Payments
- 340 Charges for Goods & Services
- 350 Fines & Forfeits
- 360 Miscellaneous Revenues
- 380 Non-Revenues
- 390 Other Financing Sources

### Sample Expenditure Account Number

State Rev. –TIB Ki-Be Road Project

Expenditure Object Numbers are determined using the Washington State Budgeting & Accounting Reporting System (BARS). The object number is assigned to identify expenditures according to the character and type of items purchased or services obtained. Expenditure accounts are also called Expense or Use Accounts, and always start with a '5' in the Basic Account number. The object series '60' describes Capital Outlays, as is illustrated by the street improvement construction BARS code for the Ki-Be Road Project used in the example above.

## **EXPENDITURE OBJECT NUMBER CLASSIFICATION**

- 10 Salaries & Wages.** Accounts paid for personal services rendered by employees in accordance with the rates, hours, terms and conditions authorized by state law or employment contracts. Includes overtime, sick, vacation, on-call, holiday paid leave.
- 20 Personnel Benefits.** Amounts paid by the employer as part of the conditions of employment. Includes employer paid

portions of Social Security, Medicare, Industrial Insurance, Unemployment Insurance, Retirement, and Health Insurance Benefits.

**30 Supplies.** Amounts paid for articles and commodities purchased for consumption or resale.

**40 Other Services & Charges.** Amounts paid for services other than personal services which are needed by the City.

Services may be provided by a public agency or private business. Includes the following type of expenses:

**50 Intergovernmental Services.** Amounts paid for intergovernmental purchases for specialized services typically performed by local governments.

**60 Capital Outlays.** Expenditures which result in the acquisition of, rights to, or additions to capital assets, including incidental costs such as legal, appraisal and brokerage fees, land preparation and demolishing buildings, fixtures and delivery costs. Includes all major purchases of capital assets and infrastructure.

**70/80 Debt Service-Principal/Interest**  
Repayment of loan principal and interest.

**90 Interfund Payments for Services.**  
Expenditures made to other funds for services rendered.

**Budget Organization & Fund Descriptions:**

The City of Benton City uses the revenue and expenditure classifications contained in the Budgeting, Accounting and Reporting System (BARS) manual. The manual is prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

The accounts of the city are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. The city's resources are allocated

to and accounted for in individual funds depending on their intended purpose.

The City of Benton City's Funds are separated into two of three available fund types:

**Governmental.** Funds that account for the activities of the City that are of a governmental nature.

**Proprietary.** Funds that account for the activities of the City that are proprietary or "business" in nature.

**Fiduciary fund.** Funds held by the City as a trustee, e.g. pension funds.

The three primary Fund types are further divided and identified by Fund Codes:

**General Funds (000-099).** Accounts for all financial resources except those required to be accounted for in another fund.

**Special Revenue Funds (100-199).** Accounts for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purpose.

**Debt Service Funds (200-299).** Accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest. The City of Benton City does not have any Debt Service Funds.

**Capital Project Funds (300-399).** Accounts for the acquisition or construction of major capital facilities.

**Enterprise Funds (400-499).** Used to report any activity for which a fee is charged to external users for goods or services.

**Internal Service Funds (500-599).** Accounts for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis. The City of Benton City does not have any Internal Service Funds.

**Fiduciary Trust Funds (600-699).** Accounts for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The City of Benton City does not have any fiduciary funds.

**Permanent Funds (700-799).** Accounts for the resources that are legally restricted so only earnings, not principal, may be used to support the reporting government programs for the benefit of the government or its citizens (public-purpose). The City of Benton City does not have any permanent funds.

The City of Benton City's budget consists of the following funds:

Fund Type	Bars Fund Type	Fund #	Benton City Fund Name
Government Funds	General Fund	001	Current Expense Fund
	Special Revenue Funds	101	City Street Fund
		103	Sos Archive Grant
		105	Solar Project Bond
		302	Park & Recreation Fund
		350	I-82 Business/Industrial Park
Proprietary Funds	Enterprise Funds	401	Water Fund
		402	Sewer Fund
		406	Sewer/Water Capital Improvment
		407	Sewer/Water Capital Maint.
		409	1982 Bond Redemption Fund
		410	1982 Bond Reserve Fund

**Basis of Accounting:**

This term refers to the revenues, expenditures and transfers and the related assets and liabilities that are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or accrual method. The city uses single-entry, "cash basis" accounting which is a departure from the Generally Accepted Accounting Principle (GAAP). Under this cash basis method, revenues and other financial resource increments are recognized when they are received – that is, when they become both "measurable" and "available" to finance

expenditures of the current period. Expenditures are recognized when the fund liability is paid.

**Financial Reporting Category:**

The Washington State Auditor's Office divided cities and counties into two categories as follows:

Category 1. Local governments in this category use a unique chart of accounts for budgeting and reporting in conformity with GAAP.

Category 2. Local governments in this category may follow single-entry accounting and cash-basis reporting procedures that are not intended to reflect financial condition and result in conformance with GAAP.

Benton City reports in Category 2.

# The Budget Process

## BUDGET DEVELOPMENT & ADOPTION PROCESS

**Budget Development.** The general method by which budgets are developed is laid out in Washington State law, particularly in Chapter 35A.33 RCW. The law prescribes the basis for which forecasting revenue and preparing the budget; public access to the preliminary budget; and much of the budget content. The Mayor, who is charged with responsibility for preparing the preliminary budget to be reviewed by Council, has prepared the budget message.

State law also provides that “any taxpayer may appear and be heard for or against any part of the budget.” The Council must adopt the budget no later than December 26.

The primary groups who participate in the budget process are the City Council, Mayor, City Staff and interested citizens. Benton City’s budget is developed through the following process:

### **Policy/Strategy Phase:**

- Goals, Policies and/or mission statements are used to accomplish direction.
- Council holds a workshop to discuss goals and strategies for the upcoming year.

### **Needs Assessment Phase:**

- The City Clerk/Treasurer requests all department directors to prepare detailed estimates of revenues and expenditures for the next fiscal year.
- The property tax levy is established.
- The Mayor reviews department requests and the Mayor’s Preliminary Budget is prepared and filed with the Council.
- City Clerk/Treasurer publishes notice of Preliminary Budget and public hearing.

### **Review /Development Phase:**

- Copies of Preliminary Budget are made available to the public.
- Final Hearing by first Monday in December and concludes by 26<sup>th</sup>.

### **Adoption/Implementation Phase:**

- Council adopts final budget
- Books close. Budget documents finalized.
- Final budget document becomes available to the public.

### **Amendments**

During the budget year, the City Council may make certain amendments to the budget as they become necessary. The general responsibility of administering the adopted budget is the Mayor.

### **BUDGET ROLES & RESPONSIBILITIES**

Every employee plays a part in budgeting, whether in the formulation, preparation, implementation, administration or evaluation. Ultimately, the Mayor is accountable to the City Council for the performance of meeting specific objectives within allocation resource limits. The financial aspects of the budget are monitored in regular monthly reports and published quarterly reports by the City Clerk/Treasurer. These reports compare actual revenues and expenditures with the budget. Additionally, the City Clerk/Treasurer coordinates the budget process on behalf of the Mayor, collecting department information, preparing revenue estimates, and assembling the budget document.

### **BUDGET PURPOSE**

The Annual Budget seeks to achieve four interrelated purposes:

**Policy Development.** The budget process allows the City Council and Mayor an opportunity to set and review the goals, objectives and strategies of the City, and the ability to direct its activities by allocation of financial resources. Decisions that are made may affect operations, service levels, and the financial well-being of the community. On this basis, the budget sets the policy for the following year and affords an ongoing opportunity to review and establish policy for future years.

**Operations Guide.** The budget is the blueprint that governs the amount of services to be provided during the year, and how that service is to be provided, e.g., by contract with another agency, the City's own personnel, or a combination. The budget provides financial control by setting forth both legislative and administrative guidance to employees regarding the character and scope of their

activities. This direction is presented throughout the document with Fund descriptions, staffing levels, key priorities, service levels, and other descriptions.

**Financial Planning.** The budget outlines the manner in which the financial resources of the City will be managed in the coming year. A formal revenue estimate provides a listing of the available financial resources, explaining the basis for estimating each source. Over time, the budget document will display a revenue history that improves understanding of both the current year's needs and a longer-term view of City fiscal resources.

**Communication Device.** The budget provides a way for the City's decision makers to communicate a great deal of information regarding the scope and nature of the City's activities. This information includes priorities for service delivery, rationale for the decisions made, and a vision for the future. The budget is intended to provide an effective tool in helping citizens understand their city government, reasons behind legislative decisions, and the basis for any change.

## Where Does The City Money Come From?

Revenues in the General Fund are typically general purpose, and taxes represent the largest source of General Fund revenue.

Sales tax is the City's largest General Fund revenue source, but other taxes, including property, admissions, criminal justice, and utility taxes are important revenue sources for the City.

Sales taxes are collected by the State and distributed to the City. The rate available to cities is made up of two components. The first is .5%. The second is also .5% of which .15% is provided to the county, resulting in a total amount for cities of .85%. There is a .01% sales tax for city criminal justice programs and a .03% tax for Public Safety as well. The overall tax rate in Benton City is 8.6%.
